- Authors: **Rodica STANESCU, Claudia Maria Maria SIMONESCU, Cristina Mihaela COSTACHE, Madelene Annette DANCILA**

- **Abstract:**
- The Romanian Science Shops network has a long time experience in collaborative research. The most recent projects developed by the Romanian Science Shops have approached various research subjects based on civil society needs for knowledge and information. Based on a survey, done inside the network, it will be presented future possible collaborations based on community's requests.
