We have a problem!!
We all pretend to create

- New economy
- New knowledge
- Integral planning
- New design
- New roles
- New competences
- New form of management
- New regions
- New cooperation
We are the Problem!!
The Big Five

- Civilians
- Entrepreneurs
- Education
- Research
- Politics & NGO's
Each of them creates the other in his own image
The other is what we think he should be.

We lost contact
We lost connection
We lost each other
RegionaleTransition

- Defining
- Connecting
- Defragmentation
- New developments in Regions
- Multi-Actor Kooperation
- Shared Ownership
- From Government to Governance
We know what to do
Build a new durable knowledge infrastructure on a regional basis with equal partners
We need a shared regional vision

The Frisian vitalruralarea approach towards regional learning and innovation
If we bring that off many results turn out to be possible.

Even the (supposed) impossible
