7th Living Knowledge Conference – Information on Posters

Poster Size

The poster you produce should be **A1 size** and **portrait orientation** (height greater than width):

- 594 mm (=width across top) x 841 mm (= height along the side)
- or 23.39 in (=width across top) x 33.11 in (= height along the side)

Poster Networking Event, Thursday June 23rd, 15.30-17.00

A dedicated venue and timeslot is available for the display of posters to increase learning and networking opportunities and they will be clustered according to the conference thematic strands.

Authors should bring their posters to the poster session **in advance between 1.30 and 2.00pm** on Thursday June 23rd and display them on the allocated poster board space.

Presenters must be available at their poster during the poster session on Thursday, June 23, from 15.30 to 17.00 to discuss the main themes, findings / progress to date and ongoing issues and questions that remain. You will need to be available between those times to host your poster and meet other delegates. Posters can be hosted by more than one person, and we encourage you to involve your collaborators in developing and hosting the poster.

You are invited to give a 2 minute input on your poster within your themed cluster at the start of the poster session (this will be strictly timed) – you should think of this as a chance to briefly promote the content of your poster, so that people will come and talk to you about it during the rest of the session. These short presentations will take place in designated smaller rooms, divided by theme.

If you send us the PDF of your poster by 17th June (email it to livingknowledge@dit.ie), we will print out an A3 copy for you to display during the initial 2 minute presentation part of the session (you must bring your own A1 poster for display in the large room). After the presentations, everyone will move to the main room where all of the posters are displayed together and you should go to your poster. Conference participants will then move freely between all of the posters.

Drinks and canapés will be served during the poster session in the main room.

The poster space will provide a relaxed, informal space for people to mingle, share practice and make new connections while viewing and discussing posters which illuminate the many aspects of responsible research and innovation in the higher education curriculum.

Poster Prizes

There will be two categories of poster prizes – a People’s Choice award and a Conference Committee award. Certificates will be presented and further details of the prizes will follow.
